

RESUSCITATION 2020
The Guidelines Congress
22 - 24 October • Manchester • UK

NEW RESUSCITATION GUIDELINES

What changes and what doesn't in resuscitation?

Come to Resuscitation 2020 in **Manchester** and become one of the first to learn about the science behind the guidelines from the authors of the 2020 Resuscitation Guidelines.

Put the algorithms into practice through state-of-the-art hands-on sessions. Network with the experts through seminars and interactive sessions.

Learn how to put the guidelines into practice through the new European Resuscitation Council courses.

All this plus the opportunity to show your skills through the annual European CPR competition, and share your work with others through the oral and poster presentations.

Resuscitation 2020 promises to deliver an exciting update on all aspects of resuscitation science, guidelines and practice.
